The phrase bankroll management just means determining the size of your wagers based on your budget and how long you plan on playing. A good rule for players looking to stretch their bankroll is to place no more than one or two per cent of your total bankroll on a single bet at any given time. This gives gamblers the ability to place more wagers because they're not losing piles of cash on any single spin of the wheel. In other words, limit your wagers so that you can gamble for two hours instead of twenty minutes. You'll have more fun and be more likely to win if you do. (You can learn more about bankroll management in our [general gambling tips article](#).) Spins Royale Casino have an awesome welcome bonus for all new players that join and deposit on their site.
