As iconic sci-fi ships go, few have the storied and expansive history of the USS Enterprise (NCC-1701). What is really staggering to believe is that the Enterprise was first seen in the 1960s where it set the standard for how spaceships were to be represented in film and television for the next 50 years. The 725 meter long USS Enterprise is by far the fastest ship on our list capable of speeds of warp 8 (512 times the speed of light). To put that in context, the Melinium Falcon was only capable of 1.5 times the speed of light. casino news
