Lady Robin Hood has the conventional 5 x 4 configuration. All 40 paylines are compulsorily activated. Expert players wager with all paylines active so this does not take away a choice from you. You manage the total bet through the bet per line, which can be varied from 0.01 credits to 10.00 credits. Therefore the total bet ranges from 0.40 credits to 400.00 credits and this attracts both low rollers and high rollers to Lady Robin Hood. Once you get the winning combination every symbol taking part in it explodes and disappears. The new symbols fall into the empty spaces. If the new winning combination appears the symbols explode again. The feature continues until no more winning combinations are formed. Three matched Bonus symbols grant you 10 free spins rounds. During the bonus game round the Exploding Chain feature remains active. The Wild symbol in the bonus game remains fixed at the position it appears while other symbols explode. It stays fixed until there are no more wins. The Wild symbol serves as substitution for any game symbol. The usual exception is the Bonus symbol. Summary: Much interest in the return of Chautauqua here, and if the best version of him turns up, then he just wins. But after a flat campaign, I'd prefer to wait and see on that. Instead, I'm happy to go for value and plonk for Hellbent. His win over this course and distance in September had to be seen to be believed. He has an incredible turn of foot and think he will benefit greatly from his first-up third down the Flemington straight. Chautauqua goes in for second. He has won five from seven first-up and this is a very winnable race. El Divino beat Hellbent home last start, but my concern is around the tight Caulfield track for the first time. Yet these games still aren't as good as the European version of the game. This is because European roulette games – like the ones commonly found in Australia's land-based casinos – also feature an additional rule known as "en prison." This rule makes the house edge even lower on even money bets, making them just about as good a bet as most table games, in the same range as favourites like making the pass line bet in craps or the banker bet in baccarat. Bet Max – After you've selected your desired denomination, clicking on this button causes the maximum number of coins to be wagered. In this case, the largest amount is three coins. Once the button has been pressed, the reels will automatically begin to spin.
