If you want to activate a certain feature you've read about in the game's paytable, you'll have to spin into a certain number of scatterers. When the lucky spin occurs and you end up with the required combination, the special feature will start. The most frequent feature triggered by scatters is the free spins (normally you would need 3 scatters in a particular position, anyway, the rule varies), but it actually depends on the game whether you get a round of spins or something different. Whatever you unlock will be a pleasant bonus to your payout and a huge entertainment! Players can earn even more if they match race car themed symbols, such as chequered flags, F1 cars, tires, drivers or the G2G logo. In fact, the G2G logo and the car share the largest prize, with either one offering 2,500 coins if you can match five in a row. While most prizes require three in a row to score a win, some higher value symbols need just two in a row, and the two big money symbols provide consolation prizes even if you hit just one on the first reel. The Coin with Clover acts as the Wild symbol in this game. It helps to form win combinations by substituting for the game symbols. The Leprechaun symbol can't be substituted. The Wild symbol also doubles prizes being a part of win combinations. In the bonus game the wins obtained with the help of the Wild symbol will be multiplied by six. free bitcoin gambling
