If you are familiar with the rules, transitioning in to the world of Web-based poker is not difficult. Even if you are a beginner, playing over the Internet can often be the best way to learn the basics and hone your skills, with low limit (as small as \$0.01 and \$0.02 blinds) beginner tables available, as well as free play-off comps. How to Play? All you need to do is to press the Spin button and make a fortune due to numerous winning combinations, which appear on 20 active pay lines. All line pays must occur on adjacent reels, starting with the leftmost one. They are paid according to the paytable, which reflects the win in coins and some rules. The total win consists of the coin win and the total bet. You cannot influence the former, but you can change the latter. Use controls on the dashboard to select the stake per line and the number of lines to decide how much to bet. The pokie games available are Tomb Raider, with Lara Croft themed graphics and big jackpots, Mermaid Millions, which is a 5-reel, 15-payline game with bumper jackpots and Mega Moolah, an African themed progressive jackpot game that can payout in the millions if the player hits the jackpot. Table game players are covered too with a European style version of blackjack available in the Android market. Thundering buffalo slot machine
